Invitation

We would like to welcome you all to attend our 2013 International Meeting of Asia forum for Aesthetic Surgery & Medicine[AFAS] and Korea Academy of Aesthetic Surgery & Medicine[KAAS] held in Seoul, Korea on April 6-7, 2013.

All Asian countries have achieved remarkable growth in the field of aesthetic surgery and medicine even though there is a difference to the growth in various countries.

We would like to further raise the level of aesthetic surgery and medicine and ultimately contribute to establishing its position as a general medicine putting a priority on happiness of patients through active exchanges implemented by surgeons and medical societies from all Asian countries at this conference. In addition, we would make efforts to get this event to be a place of communication to lead to the generation of synergy effects through mutually respecting and supplementing professionalism by division and field under the category of aesthetic surgery

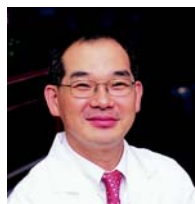

and medicine. This conference is an academic festival to give all of participants an opportunity to share new technology, knowledge and information in the field of aesthetic surgery and medicine as well as to enhance friendship.
