

Dear Colleagues,

It is our great pleasure to invite you to participate in the 100th anniversary congress of Japan Society of Aesthetic Surgery in association with the 22nd Congress of KSAS and the 9th Congress of ECS to be held at Hotel Okura, Tokyo, Japan on July 23rd and 24th, 2011.

Medicine, as we have always stressed, has been transforming from therapeutic and prophylactic into regeneration and happiness medicine. Aging society has been seeking quality of life. More people have shown greater interest in beauty, which has promoted aesthetic surgery. Accordingly, aesthetic medicine is now in progress integrated with basic, clinical and regeneration medicine as well as medical and scientific technologies.

The significance of this interdisciplinary meeting is to pursue what the truth is by meeting with experts in all different fields. It is actually pursuit of good medicine with primary consideration to what is best for patients, abiding to medical ethics.

We sincerely hope that in the coming era, members of JSAS will devote themselves to further advances of aesthetic medicine as practitioners of happiness medicine.

Whether you are a JSAS member or not, we will warmly welcome you at this epoch-making meeting. Let's meet in Tokyo and discuss the integrity of happiness medicine when the summer is still young.

JSAS is looking forward to receiving your abstracts and registration forms soon.

The 100th Congress of JSAS

President, Fumihiko Umezawa, M.D.

Organizing Committee Chairman, Katsuya Takasu, M.D.

Scientific Committee Chairman, Takashi Akamatsu, M.D.
